HEAVY RAINS CONTINUE.

Flood Situation Very Unfavorable in Wisconsin.

Wausau Wis., Sept. 16.—Continued and heavy rains make the flood situation look anything but favorable. The temporary track of the Northwestern road at Edgar was again washed out at night and trains are out of service. The Milwaukee road's tracks are covered for the distance of a mile, six miles north, and the water is rising. It is doubtful whether trains will run on that road for some hours. The Wisconsin river rises every hour. Nearly every mill here is closed and mill crews are at work strengthening the guard locks.

Reports state that the gates of the Tomahawk and Brokaw dams are kept open, which makes matters worse here.

Farmers coming into town report every bridge destroyed in some towns.

DISPUTE OVER CARD GAME.

Saloonkeeper Killed and Bartender Seriously Wounded.

Sheridan, Wyo., Sept. 16.—Henry Schroeder, a saloonkeeper at Dayton, a town west of here, was shot and killed, and Edward Sims, his bartender, seriously injured by Jack Hanley, as the result of a dispute concerning money lost at cards. At the point of a gun Hanley compelled the employees of a livery stable to saddle a horse for him, and he rode away. A posse of citizens overtook Hanley who refused to surrender. Hanley was captured after his horse had been shot from under him and his leg broken by bullets fired by the posse. He was brought to this city and placed in jail.

POLICE FORCE ARRESTED.

Billings, Mont., Officers Charged With Contempt of Court.

Billings, Mont., Sept. 16.—Judge Loud Tuesday placed the entire police force under arrest for contempt in ignoring a writ of habeas corpus issued in the case of Carey Snyder, wanted by the Missouri authorities for highway robbery in which \$7,000 worth of diamonds are said to have been stolen. Attorneys for Snyder were granted the writ after Governor Toole had honored the requisition from Missouri, but before the lawyers could serve the papers on the Billings police, it is said the Missouri officers had been given their man, and prisoners and officers were speeding out of the state.

AWAITING AN ANSWER

BULGARIA IS INACTIVE DURING CONSIDERATION OF HER NOTE BY THE POWERS.

RUMORS OF MOBILIZATION

THREE DIVISIONS OF RESERVES SAID TO HAVE BEEN CALLED TO THE COLORS.

Sofia, Bulgaria, Sept. 16.—No important step is likely to be taken at the present critical juncture, pending the return to the capital of Prince Ferdinand and a reply from the powers or some intimation from them in response to Bulgaria's note.

The air here is filled with rumors of mobilization. It is alleged that the first three divisions of the army, having their centers at Sofia, Philippopolis and Slivnac, have been called out. In official quarters, however, it is declared that the only step actually decided upon is the summoning to colors of the first three divisions, who are retired from the army during the last three years. This will give a force of some 10,000 men who will be chiefly employed in strengthening the troops along the frontier.

It is expected that a week will suffice to enable the ministry to judge of the extent to which its final appeal to the powers is likely to prove successful. Doubts are expressed in diplomatic circles whether the Bulgarian note will bring any decisive results, but there is every disposition to recognize the sincerity of the ministry's attitude and its complete justification for issuing such a document in view of the immense forces that Turkey is gathering in threatening close proximity to the Bulgarian frontier.

It is stated that the porte has protested to Austria against Austrian and Hungarian firms being allowed to furnish the Bulgarian government with cartridges at the present time. More fighting is reported from the village of Monastir. A large body of troops sent to Pelister mountains to disperse the hands concealed there was attacked by the insurgents and suffered heavy losses from bombs. The Turks also lost many men in a fight near the monastery of Kamikla at Okrida. It is announced that a detachment of Turkish troops which went to the Greek monastery of Bare-shani, near Monastir, to seek a number of revolutionaries supposed to be hiding in the building, finding none there, set fire to the monastery and killed the servants and the women. At Kous Kiglav, near Los Engrad, a body of Turkish infantry and cavalry, accompanied by a mountain battery, fought a three-hours' engagement with a number of insurgents. The Turks had thirty killed and many wounded.

TWENTIETH CENTURY CRUSADE.

Knights Templars Plan to Take the Field Against Turkey.

Chicago, Sept. 16.—A twentieth century crusade against their ancient enemy, the Turk, is being planned by Knights Templars, with the Balkans in place of Palestine as the field in which they will protect Christians against the oppression of infidels. Prominent members of the order are agitating the formation of a league that will send regiments of well drilled fighters to the aid of Bulgaria, and the crusades of the twelfth century may have their modern prototype in a movement of the Templars against the troops of the porte. The plan has received consideration by Chicago members of the organization for some time, and it is expected to be formally broached at the meeting of St. Bernard commandery tonight.

RUSSIA AND AUSTRIA ACT.

Make Representations to Turkey Regarding Massacres.

Constantinople, Sept. 16.—The Russian and Austrian embassies have made most serious representations to the porte regarding the excesses of the Turkish troops, especially the Albanians, in the vilayets of Monastir and Adrianople. The ring leader of the Albanian battalion at Prizren, which was responsible for much of the excesses and which has been sent back for insubordination, will be banished.

An insurrection is reported to be on the eve of breaking out at Salonica.

PASS OFF SMOOTHLY.

Primary Elections at New York Quieter Than Anticipated.

New York, Sept. 16.—The primaries, both Republican and Democratic, Tuesday passed off much more smoothly than had been expected. The closeness of some of the district fights was remarkable. In the Ninth district the hottest fight in the city was waged successfully by William S. Devery against Frank J. Goodwin, who won by 404 votes. The Republican leaders who had fights on their hands, in three instances, met with defeat.

Leaves Large Debts.

New York, Sept. 16.—The World says Benjamin J. Ogden, mayor and leading lawyer of Keyport, N. J., has disappeared, leaving debts of \$100,000 and small assets. He had in his hands numerous large trust estates for settlement.

SOCIALISTS SENT TO PRISON.

Abused Governor of Porto Rico and the American Flag.

San Juan, P. R., Sept. 16.—Eduardo Cende and Leonidas Guillot, two Socialists who spoke in a recent meeting of the American Federation of Labor, were put on trial Tuesday for insulting the American flag and threatening the life of Governor Hunt. Their speeches teemed with abuse of the government. One of the prisoners was accused of advising the workmen, upon the return of Governor Hunt on Oct. 1, from the United States, to parade carrying black flags and then to make demands upon the government. If these demands were refused, the speaker added, the alternative of killing Governor Hunt remained. The other orator was said to have declared that the American flag was a rag fit only to cover rascals and criminals. The accused vehemently denied the charges. They were tried before Justice Kopel, convicted of anarchistic conduct and sentenced to six months in prison.

Justice Kopel says the flag is higher than the law and anarchists need never expect any mercy in his court. The case has established a precedent as a Porto Rican official warning that attacks on the flag and government must stop. The Americans and loyal Porto Ricans are jubilant, while the Socialists are angry at the decision. The convicted men will appeal from the judgment, claiming that Justice Kopel had no jurisdiction, as there is no law covering the offense. The interest in the case is intense.

CANADIANS JUBILANT.

Score What They Believe to Be a Good Point in Boundary Dispute.

London, Sept. 16.—The first day of the oral argument in the Alaskan boundary question was taken up by Attorney General Finlay, who partially presented the Canadian view of this important controversy. When the tribunal adjourned at a few minutes after four o'clock the Canadians were gratified at scoring what they believed to be the first good point. During the afternoon session the attorney general sought to establish the position of Portland channel and fix the entrance thereto. He interpreted the words, "A la hauteur de" in the Russo-British correspondence leading to the signature of the treaty of 1825, not as showing that the boundary line "on the same parallel" and the lower end of Prince of Wales island, as claimed by the United States, but "off of" as asserted by Canada.

The effect of this would be to fix the line at 54 degrees 45 minutes, as claimed by Canada. Chief Justice Alverstone agreed with Attorney General Finlay.

When American counsel have the opportunity to speak they say they will show that the Canadians themselves have given various interpretations of the phrase, and they are inclined to minimize the importance of Lord Alverstone's statement.

DAMAGE TO WHEAT CROP.

Reports from the Northwest Send Up Price of the Cereal.

Minneapolis, Sept. 16.—That the reports from the Northwestern states regarding the damage done to the wheat crops are, to a large extent correct, was vouched for yesterday by the action of the Minneapolis market. September wheat jumped from 88½ cents to 91 cents, at which figure it remained until the close of the session.

December was also higher, advancing 1½ cent on the poor crop reports. The flax market, probably more than wheat, reflected the weather conditions in the Northwest. During the past few days prices have gone up 10 cents and the seed is now selling at \$1.07.

Out of 648 cars of wheat received in Minneapolis yesterday only 128 graded No. 1 Northern and 170 No. 2. The remainder was of low grades which sold from 76 cents up to 86 cents.

There seems no probability that threshing will be resumed for a week or ten days and some of the best informed grain men declared that fully half the wheat is in the shock and that much of it has sprouted.

LEASE HELD INVALID.

Important Decision on Valuable Ore Lands in Michigan.

Marquette, Mich., Sept. 16.—The state supreme court at Lansing has affirmed the decision of Circuit Court Judge Stone in the case of the Negaunee Iron company vs. the Cleveland-Cliffs Iron Mining company, involving iron ore lands valued at several million dollars. The right to develop and operate mines on the tract was claimed by the Cleveland-Cliffs company under the provisions of a ninety-year lease held by the Pioneer Iron company, which it succeeded. The lease was held invalid, however, in the circuit court and this opinion has now been affirmed. Since the litigation started two large mines have been opened on the lands and others are almost certain to be developed. The litigation has been the most important tried in the Upper Peninsula for years.

TRANQUIL AT BEIRUT.

Good Impression Created by Repressive Measures.

Sofia, Sept. 16.—The American consul at Beirut telegraphs that the situation there is tranquil, although some fears are entertained of disturbances on the occasion of the Feast of the Cross.

The consul adds that a good impression was created by Rear Admiral Cotton's conference with Nazim Pasha, the acting wali of Beirut, and the latter's repressive action, as already reported by Admiral Cotton to the authorities at Washington.

IRRIGATION CONGRESS

IMPORTANT RESULTS ARE EXPECTED FROM THE PRESENT MEETING.

MANY DELEGATES PRESENT

MOVEMENT HAS TAKEN ON A NATIONAL INSTEAD OF A SECTIONAL SCOPE.

Ogden, Utah, Sept. 16.—Twenty-six states and territories of the Union are represented at the eleventh national irrigation congress, which began a four-days' session in the Ogden tabernacle Tuesday, this being the largest number ever represented since the beginning of the movement for the reclamation of the arid West, showing how the movement has taken on a national instead of a sectional scope. Delegates were present even from New York, Pennsylvania and Vermont, while from the states of the Western plains and mountains representative of state and municipal governments and commercial organizations of all kinds came by hundreds. The convention, in fact, has run away with the officers of the congress, for so great is the number of delegates already on the ground, and so many more coming in on every train, that the seating capacity of the tabernacle is totally inadequate. An international aspect was lent to the proceedings by the presence of two representatives of foreign governments, Mexico and France, while the government at Washington was represented by Secretary of Agriculture Wilson.

Packed With Delegates.

At both the morning and afternoon sessions the building was packed with delegates, and the keynote of the present congress, as expressed both by Governor Wells of Utah in his speech of welcome, and President W. A. Clark in his response, that "the time has come to do things," was heartily cheered.

Important results, beneficent to the cause of irrigation, are confidently expected by both delegates and officials from the present congress, and the first resolution, introduced by Senator Burton of Kansas, favoring the conserving of the flood waters of the great rivers as a part of the scheme of irrigation of the West, was received with so much favor that there seems to be no doubt that such action will be overwhelmingly favored.

Other resolutions, outlining a distinct plan of forest preservation, are expected to be adopted before the sessions of the congress close.

Today the subject of colonization will be taken up and discussed by men prominent in railway and social work. A brisk fight for the honor of entertaining the delegates to next year's convention is already under way between El Paso, Tex., Boise, Ida., Reno, Nev., and Portland, Ore. No opposition to the present officers of the congress has developed and sentiment seems unanimous for the re-election of President W. A. Clark and other officers.

Time Limit on Speeches.

President Clark has declared his intention of limiting the speeches to ten minutes if possible, the great number scheduled and the amount of work to be accomplished rendering some action of this kind absolutely necessary.

In his speech, Senator Clark advocated the repeal of the desert land act of congress, which he claimed has resulted in the practical seizure of immense tracts of fertile land to the exclusion of settlers. Over the resolutions favoring this repeal a sharp fight is looked for.

Two messages were received from President Roosevelt. The first congratulated the congress on what had been accomplished, and the other characterized the passage of the national irrigation law as one of the greatest steps, not only in the forward progress of the states, but to that of all mankind.

Senator Burton of Kansas delivered the first formal address of the congress.

After musical exercises, the congress adjourned for the day.

TRAGEDY OVER WOMAN.

Husband Shot Dead by Alleged Admirer of Wife.

Springfield, Ill., Sept. 16.—John Baumberger, a baker of Fairfield, Ill., was shot and killed by A. O. Harvey, an implement dealer of the same place. The tragedy is said to have resulted from Baumberger's exceptions to the relations between his wife and Harvey.

Sons of Veterans in Session.

Atlantic City, N. J., Sept. 16.—The convention of the Sons of Veterans, who are holding their twenty-second annual national encampment here, organized Tuesday and was addressed by the commander-in-chief, Frank Martin. Reports were received and discussed and the order was reported to be in an excellent condition.

Killed in a Quarrel.

Oskaloosa, Ia., Sept. 16.—William Henry, aged fifty, was killed in a quarrel by James Lubbin, a negro, near Buxton. The negro hit Henry on the head with a club.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to her former self. But over 1,000,000 women have found health again by taking Wine of Cardui.

Miss Ida M. Snyder.

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McEldree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

MISS IDA M. SNYDER,

Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElee's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

DAN PATCH the \$60,000 pacer was found not on the assessment rolls by the state board of equalization.

THE St. Cloud Times, Little Falls Herald and Long Prairie Democrat are having a hard time in convincing each other "how to be democrats." They all appear to be willing but seem to lack a general knowledge of the situation—if their papers tell the truth.

THE St. Cloud Journal Press says if the country press continues to tumble over itself to endorse Bob Dunn until February or March, 1904, Robert will have a slouch on the nomination for governor. This is evidently the time when the country press will have something to say in regard to Minnesota's next governor.

THE DISPATCH is indebted to Mrs. G. A. Hunt for a box of as fine crab apples as was ever grown. No place in this country can this fruit be raised better than in Crow Wing county, and Mrs. Hunt, at her place at Bay Lake, seems to be particularly successful. There were several varieties, but all were such splendid specimens of their kind, it was hard to decide which was the better.

SINCE the organization of the government the total disbursement for pensions for all wars has been \$3,086,233,500. Of the number of pensioners still on the rolls, five are credited to the revolutionary war, now 120 years past; 1,116 to the war of 1812, which occurred 90 years ago; the Mexican war has 13,874 on the rolls, while the civil war furnishes 703,454 veterans and 248,300 widows on the rolls. The Spanish-American war pensioners number 12,092.

A WELL KNOWN N. P. FIREMAN DROWNED

Went Out Hunting Ducks at Rice Lake, Near Staples, and Boat Capsized.

BODY HAS NOT BEEN FOUND.

He had Run Between Staples and Fargo for Some Time and is Well Known.

A report was received in this city this morning of the accidental drowning of Ray Smith, a well known and popular fireman on the Minnesota division, at Rice lake near Staples, some time yesterday afternoon.

It seems that Smith went out in a boat to hunt ducks, and he is thought to have rowed out some distance when the boat capsized. He did not show up this morning, and after a diligent search about Staples it was learned that he had gone to the lake to hunt. The party that went to the lake found some of the clothing belonging to the man, which, it is thought were washed ashore, and also the boat.

The young man was twenty-two years of age and was unmarried. He was well known in this city among the railroad men and he had a run between Staples and Fargo.

GOT RATHER OBSTREPEROUS.

Walter Winters Started to Run Things

Down the Line Last Night and' Was Jugged.

There was a touch of high life on the point last night when Walter Winters, in the absence of the landlady of one of the houses, who had hired him to take care of the horses, tried to run the business to suit his own convenience. He, it is claimed, took one of the rigs out and in driving around town smashed it. Then he wanted to take another rig out and the specially delegated mistress of the house entered an objection and it is reported Walter put in an answer and before the matter wound up there was a gun play, two women were trounced a bit, a big club was brought into play and Officer Barney was called.

Winters was given a trolley ride over to the city bastille where he spent the night. This morning he was taken before Judge Warner and was fined \$25 or had his choice of beating time for thirty days in jail. Not being just now cumbered with an overabundance of the filthy lucre, commonly known as the coin of the realm, Walter decided to do a stunt behind the bars for thirty days.

A WELL KNOWN N. P. FIREMAN DROWNED

Went Out Hunting Ducks at Rice Lake, Near Staples, and Boat Capsized.

BODY HAS NOT BEEN FOUND.

He had Run Between Staples and Fargo for Some Time and is Well Known.

A report was received in this city this morning of the accidental drowning of Ray Smith, a well known and popular fireman on the Minnesota division, at Rice lake near Staples, some time yesterday afternoon.

It seems that Smith went out in a boat to hunt ducks, and he is thought to have rowed out some distance when the boat capsized. He did not show up this morning, and after a diligent search about Staples it was learned that he had gone to the lake to hunt. The party that went to the lake found some of the clothing belonging to the man, which, it is thought were washed ashore, and also the boat.

The young man was twenty-two years of age and was unmarried. He was well known in this city among the railroad men and he had a run between Staples and Fargo.

GOT RATHER OBSTREPEROUS.

Walter Winters Started to Run Things

Down the Line Last Night and

Was Juggled.

There was a touch of high life on the point last night when Walter Winters, in the absence of the landlady of one of the houses, who had hired him to take care of the horses, tried to run the business to suit his own convenience. He, it is claimed, took one of the rigs out and in driving around town smashed it. Then he wanted to take another rig out and the specially delegated mistress of the house entered an objection and it is reported Walter put in an answer and before the matter wound up there was a gun play, two women were trounced a bit, a big club was brought into play and Officer Barney was called.

Winters was given a trolley ride over to the city bastille where he spent the night. This morning he was taken before Judge Warner and was fined \$25 or had his choice of beating time for thirty days in jail. Not being just now cumbered with an overabundance of the filthy lucre, commonly known as the coin of the realm, Walter decided to do a stunt behind the bars for thirty days.

Anniversary of Wedding of Mr.
 and Mrs. Joseph Keibler,
 Old Time Residents.

LIVED IN BRAINERD FOR YEARS.

Fifty Years of Married Life...
 Thirty Seven Years Lived
 in Brainerd.

Fifty years of married life, and thirty seven years of that time spent in Brainerd is the record of Mr. and Mrs. Joseph Keibler, well known residents of this city, who live in a small residence on South Fifth street.

Such a record is of more than passing interest and always when a couple has reached the half century mile post in their married career more than ordinary importance is attached to the anniversary.

In this case the event is particularly interesting in view of the fact that the well known old couple have spent so many years in Brainerd, Mr. Keibler being one of the earliest settlers.

Mr. Keibler was born at Baden, Germany, in the year 1823 and he is therefore in his eightieth year. Mrs. Keibler was born at Wardenburg, Germany, in 1820, and is therefore three years older than her husband. Both families of the young couple moved to this country when the children were quite young, locating in Pennsylvania. Mr. and Mrs. Keibler were married at Altoona, Penn., September 15, 1853, fifty years ago yesterday, and four years afterward moved to Hastings, Minn., in 1857. They lived at Hastings for six years, moving to Brainerd in 1866.

The city was then in the midst of a dense forest of pines, and there was virtually nothing here, Mr. Keibler coming here to work in a saw mill. He has ever since made his home here, and for years had lived on a farm south of the city, but about two years ago he sold out to C. W. Eastman, moved to town and built him a home on south Fifth street.

Mr. and Mrs. Keibler today are well and hearty and live alone, the latter doing all her work. Mr. Keibler is in perfect health and is apparently good for many years to come.

They are a rather eccentric old couple independent as the day is long, never accepting gratuities from anyone. Last night it was planned to have a sort of

family reunion but the weather was rather inclement and this idea was abandoned.

Three children were born to Mr. and Mrs. Keibler, two sons, Joseph and Julius and one daughter, Mrs. John Witham. The son, Joseph Keibler, lives in this city on Ninth street in the house built by his father over thirty years ago. The other son, Julius, lives at Winnipeg. Mrs. Witham, the daughter, is a resident of this city.

 NUPTIAL EVENT**

Miss Mabel Chase Hallett Becomes
 the Bride of Mr. Paul G.
 Clarkson.

MANY GUESTS ARE PRESENT

And Event was One of the Most
 Prominent in Society Circles
 in Some Time.

The marriage of Miss Mabel Chase Hallett to Mr. Paul G. Clarkson was solemnized last night at the home of the bride's parents, Mr. and Mrs. J. M. Hallett, on Main street, the Rev. Richard Brown, of the First Congregational church, being the officiating clergyman.

The event was an elaborate one in every respect. The home was beautifully decorated and all the appointments were arranged with great care and taste. In the front parlor, where the wedding occurred, the predominating colors were green and white, the bay window being completely banked with palms, ferns and white flowers. It was beneath the shadows of these palms in the bay window that the happy couple stood when the marriage vows were said.

The dining room was beautifully decorated, the prevailing colors being pink and white. Here dainty refreshments were served, the young ladies assisting being the Misses Kitty Keene, Bessie Burgoyne and Vera Nevers.

Miss Maud Lang presided at the organ and to the strains of Lohengrin's wedding march the bridal party marched into the parlor at promptly 9 o'clock, the bride on the arm of her father. The groom and his best man, Capt. Gibson, of Duluth, met the bride and the wedding ceremony was performed. The bride was attended by Miss Edna Nutting, of Duluth, who was maid of honor.

The bride was attired in a gown made of white net over white silk and trimmed with Irish point lace, and she carried a shower of bridal roses and maiden hair fern. She looked very charming. The bride of honor wore a gown of white swiss trimmed with veil lace and carried a bouquet of red carnations.

It is estimated that there were fully one hundred people present at the wedding ceremony, and a great many pressed forward to extend congratulations after the young couple had been married.

The out-of-town guests were Mr. and Mrs. Clarkson, father and mother of the groom, and Joseph Dwyer, uncle, of Duluth, Chas. Hazen, of Duluth, and Mrs. Frank Bell, of St. Paul.

Mrs. Clarkson is very well known in this city, having lived here from childhood. She was popular with the younger people of the city and she has scores of friends who will wish her all happiness in the world in her married life.

The groom, Mr. Paul Clarkson, is now holding a responsible position in the City National bank, of Duluth. He formerly traveled on the road for the Wright-Clarkson company and made Brainerd his headquarters. It was here that he first met Miss Hallett.

The happy couple left this morning for Duluth, from whence they will go by boat for a trip on the great lakes. Returning they will be at home to their friends at 4807, Grand avenue, Duluth, after October 14.

CLAIM IS UNREASONABLE.
 Joseph R. Farr, United States General Superintendent of Logging Has

Something to Say.

Joseph R. Farr, United States general superintendent of logging has arrived in Northern Minnesota and will remain for several days in consultation with Wm. O'Neill, recently appointed superintendent of logging on the Chippewa reservation under the provisions of the Morris law. Mr. Farr was shown the statement made by some of the lumbermen relative to the cost of removing and burning the debris and other statements being circulated, and said:

"I note what is being said relative to the work of removing and burning debris costing \$2 a thousand, and that the lumbermen will bid just that much less, which would virtually make the Indian pay for the work. This order by the officials is, in a measure, an experiment, and the government and the officials will not require an impossibility of the lumbermen. The claim that the cost for this work will be \$2 a thousand is unreasonable; it will not exceed \$1 a thousand, and 75 cents is a very fair price. The average logger is familiar with the fact that that portion of the tree from which the logs are taken has very few, if any, branches or limbs, and in order to 'swamp' logs, it is necessary under any operations, to remove those limbs. They also have to clear room for skidways and skidding and logging roads, and as a result the debris and limbs are fairly well piled together in all operations, and the additional expense necessary to perfect piling, as required under the Morris bill rules, will be very light.

"I feel sure, after many years' experience, that the Indian will not be deceived by being led to believe that those who have always tried to secure their pine at much less than its true value have now become their only true friends and proper advisers. I believe the great majority of lumbermen are satisfied with the bill, and are willing to enter into competition and pay what the timber is really worth, and that the objections, if any are made, come from a very limited number."

For the boys we have excellent school trousers that are "non bustable." 50c to \$1.25 LINSNEMAN & CARLSON. 75tf

"THE DAZZLER,"
Everyone remembers "The Dazzler," the musical comedy which made such a big hit in the west some six years ago, with that little sun beam, Ida Marie Rogers, in the title role. The piece this season is being presented on a better scale than ever before in its history and will appear at the Brainerd opera house next Monday, Sept. 21. The cast includes such names as Ida Marie Rogers, James Dixon, Albert Lang, Walter Shannon, Frank Casey, Marion Lee, Mildred Tevis, Violet Barry and a chorus of handsome girls.

Haverly's.

"The best, and way ahead of the rest" applies appropriately to Haverly's Mastodon minstrels, who will appear here Sept. 23, and present a real black face minstrel show, introducing Billy Van, the star of minstrel comedians, Eddie Leonard, Eddie Mazier, Perron Somers, Dan Waldron, Fred Gartelle and a bunch of other funny folks; also the Young Brothers and Marcus & Gartelle will be here, and a most enjoyable entertainment will be assured.

The Haverly Mastodons come to us warmly endorsed by the entire press of the east.

CLAIM IS UNREASONABLE.

Joseph R. Farr, United States General
Superintendent of Logging Has
Something to Say.

Joseph R. Farr, United States general superintendent of logging has arrived in Northern Minnesota and will remain for several days in consultation with Wm. O'Neill, recently appointed superintendent of logging on the Chippewa reservation under the provisions of the Morris law. Mr. Farr was shown the statement made by some of the lumbermen relative to the cost of removing and burning the debris and other statements being circulated, and said:

"I note what is being said relative to the work of removing and burning debris costing \$2 a thousand, and that the lumbermen will bid just that much less, which would virtually make the Indian pay for the work. This order by the officials is, in a measure, an experiment, and the government and the officials will not require an impossibility of the lumbermen. The claim that the cost for this work will be \$2 a thousand is unreasonable; it will not exceed \$1 a thousand, and 75 cents is a very fair price. The average logger is familiar with the fact that that portion of the tree from which the logs are taken has very few, if any, branches or limbs, and in order to 'swamp' logs, it is necessary under any operations, to remove those limbs. They also have to clear room for skidways and skidding and logging roads, and as a result the debris and limbs are fairly well piled together in all operations, and the additional expense necessary to perfect piling, as required under the Morris bill rules, will be very light.

"I feel sure, after many years' experience, that the Indian will not be deceived by being led to believe that those who have always tried to secure their pine at much less than its true value have now become their only true friends and proper advisers. I believe the great majority of lumbermen are satisfied with the bill, and are willing to enter into competition and pay what the timber is really worth, and that the objections, if any are made, come from a very limited number."

INSULAR FREE TRADE

PREMIER BALFOUR OF GREAT
BRITAIN ISSUES A PAMPHLET
DISCUSSING IT.

ATTITUDE OF CHAMBERLAIN

BURNING QUESTION OF THE MO-
MENT BEFORE THE BRIT-
ISH PEOPLE.

London, Sept. 16.—Premier Balfour
has issued the advance sheets of a
pamphlet on the subject of "Insular
Free Trade," in which he presents at
length arguments in favor of a change
in Great Britain's fiscal policy. In in-
troducing the pamphlet, Mr. Balfour
says his purpose in issuing it is that it
would be impossible to put all the im-
portant points of this question within
the limits of a single speech and there-
fore he says the pamphlet may be a
fitting preliminary to the speech which
he will shortly make. This undoubt-
edly refers to the speech Mr. Balfour
will make at Sheffield, Oct. 1.

Mr. Balfour says he approaches the
subject from the standpoint of a free
trader as far as contemporary circum-
stances will permit.

The arguments presented through-
out the pamphlet vary little from those
already enunciated, but the premier
points out that as a result of England's
policy of retaining a fiscal policy made
for a free trade country in a world of
free traders, not for a free trade coun-
try in a world of protectionists, the
rate of her export trade has not in-
creased, and in fact has seriously di-
minished.

Departments Show Decay.

Compared with past years, some de-
partments show no increase, while
others show symptoms of decay. The
premier asserts that there is no reason
to expect an improvement. Mean-
while Germany, America, France, Rus-
sia and even Great Britain's self-gov-
erning colonies continue to build up a
protected interest within their border.

Mr. Balfour says the mistakes made
by the free traders half a century ago
have left Great Britain bearing all the
burdens and enjoying only half the ad-
vantages which should attach to the
empire. He devotes space to the ef-
fect of protection upon combinations
in countries in which protection ex-
ists. This the premier points out is
to the disadvantage of the British man-
ufacturer, who is unable to compete
with the manufacturer that is able to
sell abroad at a lower price than he
charges for the same article at home.
He gives an instance of German steel
in this particular, saying that it is sell-
ing cheaper in England than the Eng-
lish manufacturer can possibly pro-
duce it.

Mr. Balfour declares that the opti-
mists who advocate a continuance of
the free trade policy in place of the
injury worked by protection on Great
Britain's interests, are foolish and
their arguments little short of reck-
less. The only possible hope of a
mitigation of the evil is through ne-
gotiation, which, he says, can only
appeal to self interest in foreign pro-
tected countries, and in the case of
the colonies to self interest coupled
with sentiment.

Should Get Rid of Bonds.

Mr. Balfour concludes: "It cannot
be right for a country with free trade
ideals to enter into competition with
protectionist rivals, self deprived of
the only instrument whereby their
policy can conceivably be modified.
The most essential object of our na-
tional effort should be to get rid of the
bonds in which we have gratuitously
entangled ourselves. The precise
manner in which we should use our
regained liberty is important, yet, af-
ter all, only a secondary issue."

The publication of the pamphlet im-
mediately after the momentous cabi-
net council held Monday and Tuesday
indicates that it embodies a statement
of policy accepted or rather acquiesced
in by the majority of the cabinet. If
this assumption is correct it means the
abandonment of the idea of preferen-
tial tariff with the colonies and the
taxation of food, in favor of a system
of retaliatory duties. Even this, how-
ever, is tentative. Mr. Balfour in his
speech Oct. 1, is expected to elaborate
and explain his case, and then the
cabinet will closely watch its recep-
tion by the Conservative delegates.

In short the great question of free
trade versus protection, so far as the
cabinet is concerned, is still unde-
cided.

The Burning Question.

What will be Colonial Secretary
Chamberlain's attitude is the burning
question of the moment. The most
striking feature of Mr. Balfour's pam-
phlet is that from the beginning to the
end it does not refer to Mr. Chamber-
lain's proposals. There is not a word
about the threatened breaking up of
the empire or preferential tariffs, and
the colonies are scarcely mentioned.
On the contrary, the whole line of Mr.
Balfour's reasoning is opposed to tar-
iffs for purely protectionist purpose.
Hence, Mr. Chamberlain is faced with
the alternative of either abandoning
preferential tariffs, or prosecuting his
campaign unsupported by Mr. Balfour.
According to the Daily Mail, Mr.
Chamberlain agrees under the stress
of necessity not to press his pro-
gramme. The paper says he probably
will not admit that his schemes are
abandoned, but nevertheless they can
safely be regarded by the public as
dead for the time being at least.

A circumstantial statement is pub-
lished attributing to the colonial sec-
retary the prediction of a general elec-
tion and the defeat of the government
in the spring. The Conservatives will
be in opposition for six months and
then he will return to office with the
country at his back.

TO SUCCEED MELLEN.

Charles W. Bunn Slated for President
of the Northern Pacific.

New York, Sept. 16.—In the best
informed circles it is accepted as set-
tled that at the annual meeting of the
stockholders of the New York, New
Haven and Hartford road in October,
President Charles H. Mellen of the
Northern Pacific will be elected to
succeed President Hall, whose resig-
nation is expected this week. This re-
port was called to the attention of Mr.
Mellen and he remarked that he had
nothing to say about it.

There is much surmise as to the
successor of Mr. Mellen on the North-
ern Pacific should he change his offi-
cial relations.

J. M. Hannaford, second vice presi-
dent of the company, is in line for the
promotion, and Fred D. Underwood of
the Erie is also a possibility, but in
well informed circles it is accepted as
settled that Charles W. Bunn, the gen-
eral counsel of the Northern Pacific,
would be the successor of Mr. Mellen.

kian was killed while loading hand
grenades, many of which, with a large
quantity of explosives, were found in
the rooms where the accident oc-
curred.

Score of Passengers Injured.

Chatham, Ont., Sept. 16.—A passen-
ger train on the Lake Erie division of
the Pere Marquette at Blenheim Tues-
day crashed into a loaded freight. A
score of passengers, or more, were in-
jured. No fatalities have as yet oc-
curred, but it is thought one or two
of the injured will die.

TO SELL VATICAN NAVY

New Pope to Do Away With
Last of Papal Armament.

PIUS WILL NOT TOLERATE BIGOTRY

Denial of Burial Rites to Hungarian
Count to Be Probed—His Holiness
Adopts the Pet Dove of His Prede-
cessor.

Pope Pius X. has asked Cardinal
Vannutelli's nephew, formerly lieuten-
ant in the Italian navy, to make an in-
ventory of the remnant of the former
papal marine, with a view to selling it,
says the Rome correspondent of the
Philadelphia North American. Among
the ships are three old galleys and
many dispatch boats. It will be re-
membered that Pope Leo several years
ago auctioned off the Vatican arsenal,
guns, swords, cannon and ammunition.
The new pope has seemingly decided
to do away with the last remnants of
old time warlike conditions, as far as
the Vatican is concerned.

The pope has ordered special reports
on the following cases coming under
the jurisdiction of the holy see:

At Odenburg, Hungary, the body of
Count Zichy was buried with P'otes-
tant rites, while a Catholic priest re-
fused to perform his duty because
Zichy had contracted a civil marriage
with his second wife, refusing to accept
the blessing of the church.

Pope Pius wants it understood that
he will not permit intolerance unless
the provocation be of the most urgent
character. He was grieved to learn
that a member of the highest Hun-
garian aristocracy was buried without
the pale of the church, and the priest
responsible for this will be punished if
found guilty.

Another case in which an investiga-
tion has been ordered is that of the
village of Gutlet, Wallis, Switzerland,
where a whole congregation embraced
Old Catholicism.

In this case the bishop of Sion is
blamed. It is said that the bishop in-
tended to replace the old village church
by a new edifice, while the villagers re-
fused to permit the change. The peas-
ants proved obstinate, and, to bring
them to terms, the bishop punished the
village with the interdict forbidding
the saying of mass.

The villagers thereupon applied ba-
ptism themselves and held prayer meet-
ings under the presidency of their el-
ders. Finally they engaged an Old Cath-
olic priest to take charge of their
church. This is the second Swiss con-
gregation that embraced Old Catholi-
cism this year.

His holiness has adopted Leo XIII's
pet, a white dove, which the holy fa-
ther used to feed at a certain hour ev-
ery morning. The pope allows it in his
room, where it perches on his writing
desk, and, like Leo, he daily saves some
bread crumbs for its food. This white
dove was among the last visitors Pope
Leo received. On the second morning
preceding his death the winged pet
knocked at his bedroom window with
its beak, and when admitted flew upon
the bed, walking over the pope's chest
and looking into his eyes. With great
difficulty Leo laid his hand on the
dove's head, petted it gently and whis-
pered a farewell.

The servants of the Vatican called
the dove the "Holy Ghost," but Pope
Pius, when he heard it, forbade the
designation, which he called sacrile-
gious.

"Just to prove that the dove is noth-
ing but an ordinary pigeon I will feed
it hereafter," he said, "as the great Leo
did."

Several Italian artists are at work
painting the scene, "Leo on His Death-
bed Visited by the White Dove."

DAMAGE IS VERY HEAVY.

Further Details of the Destructive
Storm in Florida.

Jacksonville, Fla., Sept. 16.—Further
news of the storm continues to arrive,
though a large part of the storm-
swept area has not been heard from.
Wires are still down and it is impos-
sible to get trains through on account of
washouts.

Three negroes were killed by falling
timbers at the camp of the Cummer
Lumber company near Gainesville.
Another was seriously hurt and he will
probably die. Several houses were
wrecked.

At Mulberry, the phosphate mines
are said to be greatly damaged. They
have been compelled to shut down on
account of the high water. From all
parts of the state great damage to the
turpentine industry is reported.

Wire connection was made at night
with Arcadia, in De Sota county, about
forty miles south of Tampa. A special
from there says:

Reports are coming in slowly of
damage done by the hurricane Friday
night and Saturday. The damage of
the orange groves is very great.
Orangemen estimate the loss to the
crop from 25 to 40 per cent. Many
houses were blown down, but only one
man was killed, Hugh Morton, who
was drowned at Wilder's.

An unconfirmed rumor has been re-
ceived that the little town of Punta
Rassa has been destroyed by the
storm. This is a small place on the
Gulf coast near the mouth of the
Caloosahatchie river and about 100
miles south of Tampa.

PLEADS GUILTY TO ASSAULT.

Mrs. Fountaine Sentenced for Chlo-
roforming a Family.

Wabash, Ind., Sept. 16.—Mrs. Belle
Fountaine Tuesday pleaded guilty to
assault with intent to kill after she
had confessed to chloroforming the Har-
nash family near Dora last week, and
sentenced to from three to fourteen
years in the Indianapolis reformatory.
Miss Lola Harnish, of whom the
prisoner was jealous, on account of the
attentions of Albert Turner, is now
able to sit up and will recover.

INSURRECTION IN SALONICA.

General Zontcheff Is the Leader of
the Rebels.

Salonica, Sept. 16.—A general in-
surrection in the vilayet of Salonica,
east of the Vardar river, is announced
to have begun. The region is divided
into eight districts, each commanded
by a Bulgarian officer. General Zont-
cheff, president of the Macedonian
committee, is the commander-in-chief.

BUSINESS HOUSES BURNED.

Fire at Sault Ste. Marie, Mich., Causes
Heavy Loss.

Sault Ste. Marie, Mich., Sept. 16.—
A fire which originated in Klosser's
candy store here last night destroyed
an entire block of stores in the heart
of the business district. The damage
amounts to about \$200,000.

Mississippi Rises Three Feet.

La Crosse, Wis., Sept. 16.—Heavy
rains north of here are responsible for
a rise of three feet in the Mississippi
river at this point during the past
forty-eight hours. The river is eight
feet and a half above low water mark,
and is rising an inch an hour. Farm-
ers on the lowlands are preparing for
the third flood of the year.

CASE OF DR. A. A. AMES.

Leave to Renew Motion for New Trial
Requested.

Minneapolis, Sept. 16.—Application
for leave to renew the motion for a
new trial in the case of Dr. A. A.
Ames has been made before Judge
Elliott, and today he will file an order
disposing of it.

Attorneys Frank M. Nye, Henry
Deutsch and Henry S. Mead appeared
before Judge Elliott yesterday after-
noon and presented several affidavits
which purported to contain newly dis-
covered evidence, and permission was
asked to have these affidavits certified
to the supreme court with others al-
ready filed.

The gist of the new evidence is that
Ames knew nothing of the collection
of graft money from women of the
town.

Negro Shot by a Mob.

Centerville, Miss., Sept. 16.—Will-
iam Williams, a negro, was shot to
death on Main street of Centerville
Tuesday by a mob of several hundred
people. During a quarrel Williams
had shot and killed J. H. Germany, a
white man.

INSULAR FREE TRADE

PREMIER BALFOUR OF GREAT
BRITAIN ISSUES A PAMPHLET
DISCUSSING IT.

ATTITUDE OF CHAMBERLAIN

BURNING QUESTION OF THE MO-
MENT BEFORE THE BRIT-
ISH PEOPLE.

London, Sept. 16.—Premier Balfour
has issued the advance sheets of a
pamphlet on the subject of "Insular
Free Trade," in which he presents at
length arguments in favor of a change
in Great Britain's fiscal policy. In in-
troducing the pamphlet, Mr. Balfour
says his purpose in issuing it is that it
will be impossible to put all the im-
portant points of this question within
the limits of a single speech and there-
fore he says the pamphlet may be a
fitting preliminary to the speech which
he will shortly make. This undoubt-
edly refers to the speech Mr. Balfour
will make at Sheffield, Oct. 1.

Mr. Balfour says he approaches the
subject from the standpoint of a free
trader as far as contemporary circum-
stances will permit.

The arguments presented through-
out the pamphlet vary little from those
already enunciated, but the premier
points out that as a result of England's
policy of retaining a fiscal policy made
for a free trade country in a world of
free traders, for a free trade country
in a world of protectionists, the rate
of her export trade has not in-
creased, and in fact has seriously di-
minished.

Departments Show Decay.

Compared with past years, some de-
partments show no increase, while
others show symptoms of decay. The
premier asserts that there is no reason
to expect an improvement. Mean-
while Germany, America, France, Rus-
sia and even Great Britain's self-gov-
erning colonies continue to build up a
protected interest within their border.

Mr. Balfour says the mistakes made
by the free traders half a century ago
have left Great Britain bearing all the
burdens and enjoying only half the ad-
vantages which should attach to the
empire. He devotes space to the ef-
fect of protection upon combinations
in countries in which protection ex-
ists. This the premier points out is
to the disadvantage of the British man-
ufacturer, who is unable to compete
with the manufacturer that is able to
sell abroad at a lower price than he
charges for the same article at home.
He gives an instance of German steel
in this particular, saying that it is
selling cheaper in England than the En-
glish manufacturer can possibly pro-
duce it.

Mr. Balfour declares that the opti-
mists who advocate a continuance of
the free trade policy in place of the
injury worked by protection on Great
Britain's interests, are foolish and
their arguments little short of reck-
less. The only possible hope of a
mitigation of the evil is through ne-
gotiation, which, he says, can only
appeal to self interest in foreign pro-
tected countries, and in the case of
the colonies to self interest coupled
with sentiment.

Should Get Rid of Bonds.

Mr. Balfour concludes: "It cannot
be right for a country with free trade
ideals to enter into competition with
protectionist rivals, self deprived of
the only instrument whereby their
policy can conceivably be modified.
The most essential object of our na-
tional effort should be to get rid of the
bonds in which we have gratuitously
entangled ourselves. The precise
manner in which we should use our
regained liberty is important, yet, af-
ter all, only a secondary issue."

The publication of the pamphlet im-
mediately after the momentous cabi-
net council held Monday and Tuesday
indicates that it embodies a statement
of policy accepted or rather acquiesced
in by the majority of the cabinet. If
this assumption is correct it means the
abandonment of the idea of preferen-
tial tariff with the colonies and the
taxation of food, in favor of a system
of retaliatory duties. Even this, how-
ever, is tentative. Mr. Balfour in his
speech Oct. 1, is expected to elaborate
and explain his case, and then the
cabinet will closely watch its recep-
tion by the Conservative delegates.

In short the great question of free
trade versus protection, so far as the
cabinet is concerned, is still unde-
cided.

The Burning Question.

What will be Colonial Secretary
Chamberlain's attitude is the burning
question of the moment. The most
striking feature of Mr. Balfour's pam-
phlet is that from the beginning to the
end it does not refer to Mr. Chamber-
lain's proposals. There is not a word
about the threatened breaking up of
the empire or preferential tariffs, and
the colonies are scarcely mentioned.
On the contrary, the whole line of Mr.
Balfour's reasoning is opposed to tar-
iffs for purely protectionist purpose.
Hence, Mr. Chamberlain is faced with
the alternative of either abandoning
preferential tariffs, or prosecuting his
campaign unsupported by Mr. Balfour.

According to the Daily Mail, Mr.
Chamberlain agrees under the stress
of necessity not to press his pro-
gramme. The paper says he probably
will not admit that his schemes are
abandoned, but nevertheless they can
safely be regarded by the public as
dead for the time being at least.

A circumstantial statement is pub-
lished attributing to the colonial sec-
retary the prediction of a general elec-
tion and the defeat of the government
in the spring. The Conservatives will
be in opposition for six months and
then he will return to office with the
country at his back.

TO SUCCEED MELLER.

Charles W. Bunn Slated for President
of the Northern Pacific.

New York, Sept. 16.—In the best
informed circles it is accepted as set-
tled that at the annual meeting of the
stockholders of the New York, New
Haven and Hartford road in October,
President Charles H. Mellen of the
Northern Pacific will be elected to
succeed President Hall, whose resigna-
tion is expected this week. This re-
port was called to the attention of Mr.
Mellen and he remarked that he had
nothing to say about it.

There is much surmise as to the
successor of Mr. Mellen on the North-
ern Pacific should he change his offi-
cial relations.

J. M. Hannaford, second vice pres-
ident of the company, is in line for the
promotion, and Fred D. Underwood of
the Erie is also a possibility, but in
well informed circles it is accepted as
settled that Charles W. Bunn, the gen-
eral counsel of the Northern Pacific,
would be the successor of Mr. Mellen.

FIVE AMERICANS KILLED.

Explosion of Hand Grenades at Tiflis,
Russia.

Tiflis, Russian Transcaucasian,
Sept. 16.—As the result of an explo-
sion of grenades at Kara, Sept. 11, an
American citizen, John Nachikian,
who had recently arrived there, and
four Americans, were killed. Nachik-
ian was killed while loading hand
grenades, many of which, with a large
quantity of explosives, were found in
the rooms where the accident oc-
curred.

Score of Passengers Injured.

Chatham, Ont., Sept. 16.—A passen-
ger train on the Lake Erie division of
the Pere Marquette at Blenheim Tues-
day crashed into a loaded freight. A
score of passengers, or more, were in-
jured. No fatalities have as yet oc-
curred, but it is thought one or two
of the injured will die.

TO SELL VATICAN NAVY

New Pope to Do Away With
Last of Papal Armament.

PIUS WILL NOT TOLERATE BIGOTRY

Denial of Bani Rites to Hungarian
Count to Be Probed—His Holiness
Adopts the Pet Dove of His Prede-
cessor.

Pope Pius X. has asked Cardinal
Vannutelli's nephew, formerly lieuten-
ant in the Italian navy, to make an in-
ventory of the remnant of the former
papal marine, with a view to selling it,
says the Rome correspondent of the
Philadelphia North American. Among
the ships are three old galleys and
many dispatch boats. It will be re-
membered that Pope Leo several years
ago auctioned off the Vatican arsenal,
guns, swords, cannon and ammunition.
The new pope has seemingly decided
to do away with the last mementos of
old time warlike conditions, as far as
the Vatican is concerned.

The pope has ordered special reports
on the following cases coming under
the jurisdiction of the holy see:

At Odenburg, Hungary, the body of
Count Zichy was buried with Protest-
ant rites, while a Catholic priest re-
fused to perform his duty because
Zichy had contracted a civil marriage
with his second wife, refusing to accept
the blessing of the church.

Pope Pius wants it understood that
he will not permit intolerance unless
the provocation be of the most urgent
character. He was grieved to learn
that a member of the highest Hun-
garian aristocracy was buried without
the pale of the church, and the priest
responsible for this will be punished if
found guilty.

Another case in which an investiga-
tion has been ordered is that of the
village of Gattet, Wallis, Switzerland,
where a whole congregation embraced
Old Catholicism.

In this case the bishop of Sion is
blamed. It is said that the bishop in-
tended to replace the old village church
by a new edifice, while the villagers re-
fused to permit the change. The pen-
sants proved obstinate, and, to bring
them to terms, the bishop punished the
village with the interdiction forbidding
the saying of mass.

The villagers thereupon applied bap-
tism themselves and held prayer meet-
ings under the presidency of their el-
ders. Finally they engaged an Old Cath-
olic priest to take charge of their church.
This is the second Swiss congre-
gation that embraced Old Catholism
this year.

His holiness has adopted Leo XIII's
pet, a white dove, which the holy fa-
ther used to feed at a certain hour ev-
ery morning. The pope allows it in his
room, where it perches on his writing
desk, and, like Leo, he daily saves some
bread crumbs for its food. This white
dove was among the last visitors Pope
Leo received. On the second morning
preceding his death the winged pet
knocked at his bedroom window with
its beak, and when admitted flew upon
the bed, walking over the pope's chest
and looking into his eyes. With great
difficulty Leo laid his hand on the
dove's head, petted it gently and whis-
pered a farewell.

The servants of the Vatican called
the dove the "Holy Ghost," but Pope
Pius, when he heard it, forbade the
designation, which he called sacrilegious.

"Just to prove that the dove is noth-
ing but an ordinary pigeon I will feed
it hereafter," he said, "as the great Leo
did."

Several Italian artists are at work
painting the scene, "Leo on His Death-
bed Visited by the White Dove."

DAMAGE IS VERY HEAVY.

Further Details of the Destructive
Storm in Florida.

Jacksonville, Fla., Sept. 16.—Further
news of the storm continues to arrive,
though a large part of the storm-
swept area has not been heard from.
Wires are still down and it is impos-
sible to get trails through on account of
washouts.

Three negroes were killed by falling
timbers at the camp of the Cummer
Lumber company near Gainesville.
Another was seriously hurt and he will
probably die. Several houses were
wrecked.

At Mulberry, the phosphate mines
are said to be greatly damaged. They
have been compelled to shut down on
account of the high water. From all
parts of the state great damage to the
turpentine industry is reported.

Wire connection was made at night
with Arcadia, in De Sota county, about
forty miles south of Tampa. A special
from there says:

Reports are coming in slowly of
damage done by the hurricane Friday
night and Saturday. The damage of
the orange groves is very great. Oran-
gemens estimate the loss to the
crop from 25 to 40 per cent. Many
houses were blown down, but only one
man was killed. Hugh Morton, who
was drowned at Wilder's.

An unconfirmed rumor has been re-
ceived that the little town of Punta
Rassa has been destroyed by the
storm. This is a small place on the
Gulf coast near the mouth of the
Caboahatche river and about 100
miles south of Tampa.

PLEADS GUILTY TO ASSAULT.

Mrs. Fountaine Sentenced for Chloro-
forming a Family.

Wabash, Ind., Sept. 16.—Mrs. Belle
Fountaine Tuesday pleaded guilty to
assault with intent to kill after she
had confessed to chloroforming the Har-
nash family near Dora last week, and
sentenced to from three to fourteen
years in the Indianapolis reformatory.

Miss Lola Harnish, of whom the
prisoner was jealous, on account of the
attentions of Albert Turner, is now
able to sit up and will recover.

INSURRECTION IN SALONICA.

General Zontcheff is the Leader of
the Rebels.

Salonica, Sept. 16.—A general in-
surrection in the vilayet of Salonica,
east of the Vardar river, is announced
to have begun. The region is divided
into eight districts, each commanded
by a Bulgarian officer. General Zont-
cheff, president of the Macedonian
committee, is the commander-in-chief.

BUSINESS HOUSES BURNED.

Fire at Sault Ste. Marie, Mich., Causes
Heavy Loss.

Sault Ste. Marie, Mich., Sept. 16.—
A fire which originated in Klosser's
candy store here last night destroyed
an entire block of stores in the heart
of the business district. The damage
amounts to about \$300,000.

Mississippi Rises Three Feet.

La Crosse, Wis., Sept. 16.—Heavy
rains north of here are responsible for
a rise of three feet in the Mississippi
river at this point during the past
forty-eight hours. The river is eight
feet and a half above low water mark,
and is rising an inch an hour. Farm-
ers on the lowlands are preparing for
the third flood of the year.

CASE OF DR. A. A. AMES.

Leave to Renew Motion for New Trial
Requested.

Minneapolis, Sept. 16.—Application
for leave to renew the motion for a
new trial in the case of Dr. A. A.
Ames has been made before Judge
Elliott, and today he will file an order
disposing of it.

Attorneys Frank M. Nye, Henry
Deutsche and Henry S. Mead appeared
before Judge Elliott yesterday after-
noon and presented several affidavits
which purported to contain newly dis-
covered evidence, and permission was
asked to have these affidavits certified
to the supreme court with others al-
ready filed.

The gist of the new evidence is that
Ames knew nothing of the collection
of graft money from women of the
town.

Negro Shot by a Mob.

Centerville, Miss., Sept. 16.—Will-
iam Williams, a negro, was shot to
death on Main street of Centerville
Tuesday by a mob of several hundred
people. During a quarrel Williams
had shot and killed J. H. Germany, a
white man.
